KOLOK GRAPHIC SUPPLIES

Leading the future of print, wrap and visual communication. Step into the world of cutting-edge print innovation with KGS, South Africa's trusted supplier of premium signage, print media and vehicle wrapping solutions. At the 2026 Bloemfontein Sign Africa Expo, we're bringing our most exciting technologies, newest product lines and industry-leading brands—all under one dynamic roof.

See next-generation vehicle wrapping

films from Hexis Graphics, including Bodyfence Paint Protection Film (PPF), HX20 000, HX30 000 and HXONE cast wrapping films, and specialty window films. High-performance printing inks from NUtec, designed for maximum colour brilliance and reliability. XTPRINT printable vinyls and VRK300 and XTWHOOOPS laminations engineered for extreme sports, outdoor durability and high-impact branding. A wide range of banner, display, and signage substrates for every application, be it indoor or outdoor. We also stock the world renowned STAHL'S Heat Transfer Vinyl (HTV) to add some colour and branding to clothing apparel. Battling with your application tape curling up and creating 'pig ears' and leaving glue residue on your projects? We've got the RTape solution for you. Live demos, expert guidance, exclusive show specials and product launches for 2026.

Whether you're a print shop, signage manufacturer, installer or creative brand-builder, KGS is your partner in elevating quality, performance, and possibilities.

Join us at our stand and discover why KGS continues to power South Africa's most innovative signage and print businesses. With branches throughout South Africa and Namibia, we are just a phone call away.

MEDIA FRENZY DIGITAL TEXTILES

Media Frenzy is a proudly South African supplier of print base media. Established in 2008 by Director, Ashraf Khan, Media Frenzy has established itself as a prominent and recognised supplier of print base textiles to the industry. Stemming from previously jointly involved, Luminex Manufacturers, Media Frenzy has gained an extensive market share and its customer base has established itself as a pioneer in the industry through innovative and creative customer solutions.

Media Frenzy offers a wide range of textile substrates, weights and widths suitable for sublimation, transfer, digital and screen printing. We can supply base fabric in either coloured, optically brightened or PFP state with a digital print finish if required to enhance colour rendition and clarity.

MIDCOMP (PTY) LTD

Midcomp (Pty) Ltd is a 35-year-old company specialising in the sales, service and support of large format digital printing and finishing equipment. We have a full spectrum of solutions, from small print and cut systems capable of short-run production through to high volume printers. We also specialise in Zünd Swiss cutting systems for digital finishing with a high degree of automation, reducing both waste and reliance on resources.

Midcomp (Pty) Ltd offers world-class support, with a team of 13 factory-trained field service engineers that have the fastest measured response times in the industry. We also offer our customers a production backup facility at our Innovation Hub. In the event of a customer experiencing

technical failure, they can continue production at our facility while a field service engineer resolves the problem, thus ensuring that deadlines are met.

Midcomp is the only company to offer a Pay Per Use (PPU) system where customers pay only for the square metres printed with all consumable costs included (excl. media). The PPU programmes allies to HP Latex printers. Another option is the world first PPUGRO programme that includes the cost of the equipment in the square metres printed. As part of our 'Catalyst for Growth' promise we have evolved into a group of three focal companies, which include Midcomp Azero (large format printers and plotters) and Midcomp Consumables (digital print media).

With branches in Johannesburg, Cape Town and Durban, Midcomp (Pty) Ltd sells to and supports the whole of South Africa, including neighbouring countries. We offer onsite and online demos.
